News & Events

On Rosh Hashana: anyone who cannot come to shul should contact the synagogue office to arrange for a volunteer to visit and blow the shofar.

CAPITAL CAMPAIGN

TBDJ has been a part of our lives and a pillar of the Cote St-Luc and Hampstead Jewish community since its founding in 1959. Our building, built in 1965, has hosted forty-five years of High Holiday services, Simchat Torah celebrations, Purim parties, and thousands of minyanim, shiurim, weddings and Bar and Bat Mitzvahs. The building has served us long and well, and we owe many thanks to those who have kept it running smoothly all these years.

Our building has begun to show its age. The heating and air conditioning systems, roof, and windows need to be replaced. The entire building, including the sanctuary, social halls, library, washrooms, offices and hallways are worn out and need to be refurbished and redecorated.

We can all be proud that our membership is thriving, and that we currently have a membership of over 700 families. A new generation is joining TBDJ due to our vibrant membership and our dynamic Rabbi. Our volunteers and professional staff continue to work together to provide high quality family-oriented and multi-generational opportunities for Jewish enrichment.

It is our goal to create a desirable space to attract more weddings and hall rentals, thereby reducing the financial burden on our own membership. We are working hard to renew our building in preparation for the many simchas, minyanim and holidays we will celebrate at TBDJ in the future.

Thanks to some very generous donations, we are half way to achieving our goals. However, we need your help to reach \$2.5 million. We call upon each family to please support this important initiative. In this way our shul can continue to serve the community in a first-class facility of which we can all be proud. Please consider giving generously to our campaign, and becoming an integral part of TBDJ's present and future.
